Character oriented education that instills basic values and ethnic values in one's psyche is called 'value based education'. The subject that enables us to understand 'what is valuable' for human happiness is called value education. Value education is important to help everyone in improving the value system that he/she holds and puts it to use. Once one has understood higher values in life he/she can examine and control the various choices he/she makes in his/her life. Value education enables us to understand our needs and visualize our goals correctly and also helps to remove our confusions and contradictions and bring harmony at all levels. It also helps to remove our confusions and contradictions and enables us to rightly utilize the technological innovations.
