➤ **About The College:**

The Sharnbasveshwar College of Science, functions under the aegis of Sharnbasveshwar Vidya Vardhak Sangha which was founded by Late Poojya Doddappa Appaji. Our college provides education to students from rural and marginalized population. It provides relevant and job oriented curriculum with motto of "Service unto others" and developing leadership and self-discipline among its students along with adhering to the university syllabus. It indeed is catering to the needs of diverse groups of society and consistently indulges in fulfilling its vision and mission statements, it indeed is a mission of our Sangha.

Sharnbasveshwar College of Science was started in 1956. This premier institution is one of the earliest science Colleges in this Kalyan-Karnatak region. Over the years it has become one of the prestigious institutions of this region. Poojya Dr.Appaji, the revered President of our Sangha has made sustained efforts to create best academic ambience for imparting quality education to the science students of this region. His Holiness has created all necessary infrastructure facilities and has recruited best available teachers for his organization.

➤ **About The Library and Information Centre:**

The Sharanbasveshwara College library was established in the year 1956 to cater to the need of learning fraternity of the institution the college library is located in a central position of the campus. Library starts functioning at 8.00 a.m and closes at 6.00 p.m. on all working days, providing resources and materials that support the educational, professional, and personal information needs of our students, faculty and staff. The library is fully computerized and digitalized with Machine Readable Catalogue facility for searching and Bar-coding for detection and transparency. Students and teachers visit the Library regularly and make use of the digital and print resources provided.

➤ **Brief Report of the Webinar:** The shift from traditional libraries to the digital is not merely a technological evolution, but requires a change in the paradigm by which people access and interacts with information.

➤ **A traditional library is characterized by the following:**

- emphasis on storage and preservation of physical items, particularly bookstand periodicals
- cataloging at a high level rather than one of detail, e.g., author and subject indexes as opposed to full text
- browsing based on physical proximity of related materials, e.g., books on sociology are near one another on the shelves
- passivity; information is physically assembled in one place; users must travel to the library to learn what is there and make use of it

➤ **By the Effect of Covid-19 libraries are to be changed into digital library differs from the traditional library in the following ways:**

- Emphasis on access to digitized materials wherever they may be located, with digitization eliminating the need to own or store a physical item
- browsing based on hyperlinks, keyword, or any defined measure of relatedness; materials on the same subject do not need to be near one another in any physical sense
- broadcast technology; users need not visit a digital library except electronically; for them the library exists at any place they can access it, e.g., home, school, office, or in a car
